About me

A motivated and results-driven freelance software engineer with a solid foundation in web development and digital innovation. Skilled at working both independently and collaboratively, with a strong commitment to delivering quality digital solutions that meet client needs. Dedicated to continuous learning and staying updated with the latest technological trends. In my spare time, I enjoy spending time with my fiancée and family. To clear my head, I regularly walk my dogs.

Education

Geel, Antwerpen Thomas More University Sep 2020 – (June 2024)

- Bachelor applied computer science

Employment

Web Developer **Self employed** **Jan 2021 – Present**
